“ So sorry to hear this sad news. Dan and I worked together in corrosion for many years. He was a good friend. He always talked about the three girls in his family (his mom, his wife, and his daughter). He will be missed by us all.

“ Dan is on his way to the best place ever ... unfortunately, we will all miss him very much. He was a very good friend and awesome co-worker in the field of Corrosion Control ... and a super supporter of the Appalachian Underground Short Course every year. I am so sad personally and especially for his family who will miss him here on earth ... but I'm at peace in the knowledge that God will be looking after Dan in a Heavenly environment.

“ I can only imagine what a great father and husband Dan was as he was such a great person to work with. The time he spent mentoring and volunteering for the betterment of our corrosion industry was reflective of his love for his job and co-workers. My deepest sympathy.
