“ Don,
Willie and I are so sorry to learn of Florence's passing. We know that this is a difficult time for you and your children, even though we realize that you really began losing her many years ago. I had the pleasure of spending some time with Florence at a ladies' meeting at the First Christian Church several years ago as a guest of Clara Clegg. Even though Florence and I had not seen each other or spoken for close to forty years, she was just as I had remembered her, so warm and so full of grace. We talked as though we had been close friends all along! What a blessing she was! Willie and I have often spoken about how the words you shared about my dad when you officiated at his service nearly six years ago were so insightful and brought us such comfort and peace. Our fervent prayer is the same comfort and peace for you and your family.
