“ My sincere condolences to Sue and family. I was his UPS man for years in Cleveland. He was always a hoot to see everyday, always helpful, friendly and would give you the shirt off his back if asked. I was looking him up on facebook to say hi but was sad to see I was too late and saw his obituary instead. Some people you never forget and he was one of them. My prayers going out to Sue & Family!!!

“ I had the privilege of playing sandlot baseball with Gary and his brother David at Monessen's City Park. My Dad Carl would always include Prosser boys in the lineup because they were good players and always on time. Looking back, playing ball with them made my boyhood memories of Monessen the best! “ I remember Gary and my brother Phill Palmer always hanging out together and sometimes they would get in trouble together. Last time I saw Gary Prosser was a birthday party Danielle Lepresti threw for one of her children we talked about the old days. We talked about the day my mom made cupcakes and my mom left the cupcakes to cool my parents and brothers went out and when they came back there were little footprints on top of the cupcakes and on their ne of the walls in our living room .. He sure was a character he made everyone laugh. It's funny that his obituary was posted on Facebook I was thinking about Gary and wondering how he was doing a couple of weeks ago.
Rest in peace Gary !
