“ I inquired about Holly yesterday when I bought lawnmower parts at Cousins Sales and Service. My memory of her was that on our class of '79 graduation night, she kissed every graduate on the cheek as they headed out of the school 🏫 building..... What a powerful woman!

“ My favorite memory of Holly is of sitting beside her at a Cal U Alpha Lambda Delta induction ceremony. When the keynote speaker that year, Bridgett Nobili, played the song "Can't Stop the Feeling" by Justin Timberlake to get everyone on their feet, Holly was the first to start dancing! She had a sparkle in her eyes and a smile of pure joy on her face. This is how I want to remember her.

To Holly's family and friends, I am so very sorry for your loss and hope your memories of her bring some measure of comfort.

“ Holly,

You touched the hearts and lives of so many people, with your great sense of humor and funny wit, with your love for life and sense of adventure, for your deep compassion for animals and willingness to help animals and/or those in need. You didn't deserve to leave this earth in such a horrific manner, but I know you will make an awesome Angel and Heavenly Guardian of Animals, keeping a watchful eye from above. Until we met again, God Bless and Rest in Peace my friend.

Sincerely,

Tracy Breckenridge & Alan Hill

Holly and I became really good friends when we both worked at Sambo's together. She was always a sweet person and always had a smile on her face. She did not deserve to leave this world like she did. Prayers for her family. 🙏🙏🙏

“ There are no words to express the heartache I feel for such a senseless tragedy and loss. Holly not only was a coworker, but also a good friend. She and I shared many laughs at work walking to and from the parking lot. She also shared a lot with me about her personal life; her ups and downs and struggles. We used to work in the same building until she took another position in the building next door. I'll always remember the times, when she had to come to my building for something, she would stop by my office, peaking thru the window in my office door making faces and being silly. She always made me laugh even on my worst days. I will forever remember you Holly, and I will cherish the memories I have of you. My deepest condolences to your family.

“ Holly and I attended IUP-Punxsy branch in 1980-81. I felt a certain brother-sister relationship in school that year with Holly. I would of never made it through that year if it weren't for her kindness and friendship. We shared many good memories and my family loved her positivity, her beauty and her kindness. It is my deepest regret, that I did not continue to stay in touch with her over the last 20 years. She is someone very special. I will miss you Holly.
