“ I want to send my deepest condolences to the Cornell and Federer family as well as Joey's sons.

I didn't get to spend much time with Joey due to moving to Florida, but spent Lisa's entire pregnancy with them and was there the day he was born. From that first breath of life I knew how much he was loved.

Joey loved nature and enjoyed spending time with those he cared about.

Lisa told me many stories and kept me up on his life events. He was definitely an adventurous kid and feared nothing. Joey was her universe and those two shared an unconditional love for each other that could never be broken and will remain forever. He was loved unconditionally by many.

Joey, you had a beautiful smile that melted hearts and the amazing dimples to go with it. You have left many empty spaces in our hearts and we miss you already. We do know you are in a much better place looking over us and happy.

God Bless you Joey and may you rest in peace!! Love you kiddo.
