“ We worked a lot together over the years. I could always count on Lanny for help no matter what I had going. He would roll up his sleeves and jump right in. His communication skills were top shelf and his demeanor put everyone at ease. I enjoyed my times with Lanny and aspire to be more like him. There is a big hole in our industry now. RIP my friend.

“ I first met Lanny in the Fall of 2004, when Composites One acquired Fib-Chem. It was clear that this humble guy had a huge impact on his team mates and customers. It was a joy bringing Lanny and the Monessen team into the Composites One family. We have all benefited from Lanny's presence.

He gave more than he received.

A great man, who I will miss tremendously.

“ *I cannot express my sadness to hear of this tragic loss...My heart goes out to Marilyn, his many friends and family, his coworkers and anyone else whoever had the pleasure of knowing this wonderful man. Lanny was an absolute joy to be around. He was like family to many of us here at Bedford Reinforced Plastics and he will be greatly missed. I truly appreciate all the lunches and dinners he invited me to even though I didn't work directly with him within our company. I always loved seeing his smiling face and friendly greeting when he came into the office. Oh, the many stories and laughs we shared (what an infectious laugh he had) and the love and admiration he spoke of for his family; I have such great respect for him...Those fondest memories will live with me forever.*
