“ *It is so difficult to distill a lifetime of memories regarding Meka, as I knew her, many family vacations in both PA and CA. My favorite memory was when I was visiting her in Belle Vernon, she made me a personal cheese tray, which I was enjoying in front of the television, and George came home from work and asked why she had never made one for him. She was a loving support to both my parents in their later years, and a delightful presence at all the MPO conventions. I send much love to all of her children and grandchildren, who are a testament to the loving, inspiring example she set by being a mother, grandmother and friend. With deep gratitude and knowing her, and condolences to the family,*
