“ I had the privilege of being a student in Dr. Hummel's classes during my undergraduate studies, and later worked for him as a graduate assistant during graduate school at Cal. I am so very sorry to learn of his passing. He was a stand-up guy, and one of the smartest, most brilliant professors I've ever known. My deepest condolences to his friends, family and colleagues. He will be greatly missed. Thanks for all the years of knowledge, wisdom, and friendship.

“ I had Major Hummel as a political science professor at West Point. He completely embodied the type of military leader we looked up to, and taught class with warmth and humor. I really enjoyed learning from him and share my condolences to his family on his far too early passing.

“ Mike was one of my best friends in life. I am better today for having known him. Mike was more than just a friend to me, as he was to so many that were placed under his charge, he was my mentor and an inspiration. Mike encouraged me to complete my undergrad and apply to OCS. He invested countless hours in helping me get ahead. He went the extra mile to ensure my application was accepted, and that I realized my full potential, even though he saw more in me than I did myself. We served together in peace and war. Our families grew close during those times. And I even got to see Mike's transformation from being the most amazing Ranger on the planet, to developing a passion for law enforcement as he began his branch detail assignment with the 101st Military Police. Mike had a passion for service and commitment to the US Army and the Rangers like none I have ever seen before. He was the real deal that so many Hollywood actors pretend to be on screen. He brought the same "Ranger" passion for excellence and achievement to the Military Police Corps and then to his career in higher education. I miss you Mike, but I believe we will meet again. And when we do meet again, I will not let the air out of your sleeping mattress if you do not put hot sauce on my canteen :) Rangers Lead the Way.

“ First of all, my wife and I wish to convey our heartfelt condolences. I worked with Dr. Hummel as support staff in Azorsky Hall in the previous Justice, Law & Society Department at Cal U. We shared some military stories and grew a little closer than a typical boss, support staff perhaps would have. He will be greatly missed! Rest in peace from Oscar (Butch) Widing & Florence Cimera.

“ Saddened and shocked when I read about Mike today. While I mostly remember Mike as the younger, ornery kid who always seem to wear white tee shirts, I remember years later when he returned to Marshall County to run for sheriff. His accomplishments at the time really impressed me. It appears he only added to his resume afterwards. Mike showed all those who grew up in the 60's/70's from Moundsville it's not where you started but how you ended up in life. Dr. Hummel made the world a better place during his time here. My thoughts and sympathy go out to all of his children and many friends.

“ I am so blessed to be able to call Mike a childhood friend. We grew up on the same street a few house apart. I have many memories of Mike and his parents and sister. I have always been so proud of Mike and his accomplishments. His mother, Helen, would visit my mother often and tell her all about Mike. When I found Mike on Facebook, it was a joyous reunion in my heart, as there is something special about childhood friends. May God bless his family. Eternal rest grant unto Mike, O Lord, and let perpetual light shine upon him. May his soul, through the mercy of God, rest in peace. Amen.

“ Prayers for the Hummel family as you celebrate Mike's life! Mike was a great RANGER, Soldier friend and patriot. I had the privilege serve as Mike's Platoon Sergeant in 3d Platoon, A Company, 2d Battalion (RANGER), 75th Infantry. Mike excelled as a Soldier and RANGER. He went to Ranger School with less than three months in the Battalion. He was an excellent Machine Gunner and Team Leader. He taught his Rangers the "Orders Process" through using the weekend party as the mission. He was a physical fitness animal. There was never an easy PT Day with Mike! America lost a great Patriot when Mike died. Until Valhalla, RANGERS LEAD THE WAY!

“ To the Hummel family,

Shocked and sadden to read online about Mike's passing. I didn't know him well growing up. Mostly remember him as the ornery, younger kid always wearing a white tee shirt. Last saw him when he came home to run for Sheriff a few decades back. He had quite a resume then, and by his obit, he did nothing but improve it. A JMHS graduate who made the world a better place. Society needs more DR. MIKE HUMMELS. His family should be very proud.
